

2009-2010 Brochure Distribution Program

Distribute your brochure along with Camp-California, the Camper's Guide to California. Approximately 20,000 camper's guides are distributed at RV shows. That's 20,000 prospective campers! Brochures are grouped by California regions and Nevada. Not every camper will be planning on coming to your area but those who are can choose your brochure!

How to Participate

- Fill out the "Brochure Distribution Contract" below indicating the shows in which you'd like to participate.
- Mail contract, along with payment option, to the Camp-California Marketing office. Please do not include contract & payment in the same box with brochures.
